

Sermon Feedback

My intent is to make my preaching better and accessible to all. With that in mind, it would be helpful if you could answer one or all of the questions briefly.

Thank You,

What was the main point? (In one sentence or statement)

Were you able to identify individual points? What were they?

What did you really like?

Did anything fly right by you?

What didn't work?

Where there any annoyances such as hand gestures, pacing, repetition, break in the flow, no eye contact, rambling?

How would a new Christian or Non-Christian react?

If you were a 10 year old, could you understand?

Did it connect with teenagers in any way?

Any other comments?
